

Chintala Guna Vardhan

Guntur, 522509 | +(91)-7730023604 | gunavardhanchintala@gmail.com

COREJAVA | SPRINGBOOT | SQL | REST API | RBAC

Motivated Computer Science graduate with strong expertise in Java, Spring Boot, REST APIs and backend development. Skilled in designing REST APIs and working with databases. Currently undergoing professional training in Java Full Stack Development from FLM. Passionate about writing clean, efficient code and contributing to high-performance development teams.

EDUCATION

B.Tech in Computer Science and Engineering (Cybersecurity, IoT inc Block Chain Technology)

Vasireddy Venkatadri Institute of Technology – 8.02 CGPA

Intermediate(MPC)

Sri Chaitanya Junior College – 86%

SSC

Siddhartha High School – 8.8 GPA

PROFESSIONAL SKILLS

- **Programming Languages:** Core Java(OOPs, Collections, Exception Handling)
- **Frontend Technologies:** HTML, CSS
- **Backend Technologies:** Spring Boot, Hibernate, RESTful APIs
- **Databases:** SQL, MySQL
- **Concepts:** OOPs, Data Structures & Algorithms, DBMS
- **Other Tools:** Postman, Eclipse, IntelliJ IDEA

PROJECT EXPERIENCE

E-Commerce Backend API (Spring Boot)

Technologies: Spring Boot, Spring Security, Hibernate, MySQL, MongoDB, Maven

- Designed and developed a scalable backend system using Spring Boot
- Developed RESTful APIs for user and product management
- Integrated MySQL database using JDBC for efficient data handling
- Implemented layered architecture (Controller–Service–Repository) for maintainable code structure
- Added basic RBAC (Role Based Access Control) to the users for CRUD on products.

Music Player Application (Java, OOP, Collections Framework)

- Built a console-based Music Player application using Java and OOP principles
- Developed modular functionalities for song and playlist management
- Implemented efficient data handling using Array List and HashMap
- Designed playback features including play, pause, and stop operations
- Followed layered architecture (POJO, Service, Implementation) for clean code design

CERTIFICATIONS

- TCS ION NQT Certified – Jan 2026
- Java Full Stack Developer Training -FLM(Ongoing)
